

Hot Tapping Parameter Form

Existing Pipeline Parameters				Pipe Size (IN)			
Pipe Out Diameter(mm)		Pipe Wall Thickness(mm)		Pipe Material			
New Pipeline Parameters				Pipe Size (IN)			
Pipe Out Diameter(mm)		Pipe Wall Thickness(mm)		Pipe Material			
Pressure Parameters							
Design Pressure		Operating Pressure		Pipeline Working Pressure during Construction			
Temperature (°C)				Medium			
Operating Methods Selection							
Hot Tapping Methods: A-I, A-II, A-III, B-I, B-II, B-III, C, D, E, F							
Number of Hot Tapping Points				Existing Pipeline Position		Horizontal	
						Vertical	
Remark
